Deborah Shapley, President
and Board of Directors
Restore Mass Ave
2500 Massachusetts Avenue NW # 6
Washington, DC 20008

Dear Deborah,

Thank you for presenting the plans for the Dupont Tree Plaza with the DCCA Board of Directors on June 27th. The Board thought the plans to add needed shade and green space to this plaza and the structural features to mitigate storm water runoff are both exemplary. Your design team and consultants have done a wonderful job.

DCCA is in support of your plans with one exception: we think it is very important to maintain the current number of Capital Bikeshare docks at this location. This is a very popular station for bike commuters, access to the Sunday farmer's market, and to serve tourists staying at the nearby hotels. Thus, we request that your final plans include the additional line of bike docks. As discussed at the ANC's Transportation and Public Infrastructure meeting on June 26th, there are bike docks that can be placed at an angle to preserve more sidewalk space. It would also be acceptable if an alternative site can be found that is equally convenient, for some or all of the current bike docks.

We look forward to this project coming to fruition. Please keep us informed of its progress and let us know if we can be of additional help.

Sincerely,

Glenn Englemann
President, DCCA
